FRANK'S HARNESS LIST

This is a current list of the major harnesses that we have available. All harnesses are in very good condition unless marked with an asterisk. This list was designed for our use but since we have so many it was decided that we put it up on the web site. Small harnesses for consoles, accessories, most lighting harnesses and all power window harnesses have still not made the list. Prices depend on which harness and how many we have, you will need to call for pricing. Reproduction harnesses are very expensive, you can save a considerable amount by replacing your damaged harnesses with quality used ones. We also have a vast selection of harness ends and bulb sockets.
